MARVIN D. LAPINIG

Subject Matter Expert | Multimedia
Bagacay, Sibonga, Cebu • 09606089609 • marvinlapinig6@gmail.com • lapinigmarvin.netlify.app

PROFESSIONAL SUMMARY

Specializing in graphic design, layout design, web design, 3D visualization, and video editing. Delivering high-quality visual materials and engaging multimedia content across digital and production channels. Skilled in developing creative concepts, producing compelling visual content, and maintaining brand consistency across various platforms. Provides creative expertise, design guidance, and quality assurance while supporting fellow designers, managing production workflows, and ensuring accuracy and efficiency in project delivery. Experienced in collaborating with cross-functional teams, improving design processes, and translating marketing objectives into effective visual communication.

SKILLS

Technical Skill: Proficient in graphic design, UI/UX design, and wireframing, with hands-on experience using Adobe Creative Cloud, including Adobe Photoshop, Illustrator, Premiere Pro, and After Effects. Skilled in creating visually engaging designs, developing user-friendly interfaces, producing multimedia content, and transforming creative concepts into effective digital experiences using Figma and industry-standard design tools.

Visual Design Principles: Proficient in visual design principles, including typography, layout design, color theory, brand identity development, responsive web design, print layout, motion storyboarding, and infographic design. Skilled in creating visually appealing, consistent, and effective designs across digital and print platforms.

Production Workflow: Proficient in content production workflows, including motion graphics, storyboarding, 3D visualization, print production, and asset management. Skilled in developing engaging multimedia content, transforming creative concepts into visual outputs, and managing design assets to ensure efficient and consistent production across digital and print platforms.

WORK EXPERIENCE

Subject Matter Expert – Multimedia | eLink Systems and Concepts Corp. *July 2025 – Current*

- Designed web assets monthly, crafting engaging digital experiences across marketing campaigns, websites, and landing pages.
- Developed high-quality 3D visuals and renderings to transform creative concepts into engaging, presentation-ready assets.
- Created compelling graphic designs and marketing materials to strengthen brand identity and visual communication.
- Produced engaging multimedia content, combining graphics, visuals, animation, and motion into cohesive deliverables.
- Led design quality reviews, ensuring accuracy, consistency, and adherence to brand guidelines before publication.
- Provided creative guidance and technical support to fellow designers to maintain quality and efficiency in production.
- Reviewed and optimized design outputs to ensure they met project requirements, deadlines, and quality standards.
- Supported continuous improvement of multimedia workflows, design processes, and production standards.
- Collaborated with cross-functional teams to translate marketing objectives into effective visual solutions.
- Shared design knowledge, best practices, and technical expertise to support team development and improve creative output.

Multimedia Designer | Professional Academy of the Philippines *2021 - 2025*

- Multimedia Designer.
- Led in the design, development, and implementation of graphic, layout, and production communication materials.
- Supervised the assessment of all graphic materials to ensure the quality and accuracy of the design.

IT Technical Support (On-the-Job Training) | Radisson Blu Hotel Cebu *2025*

- IT Technical Support (On-the-Job Training).
- Ensured the smooth operation of the hotel's technology infrastructure, assisting staff and sometimes guests with hardware, software, and network issues.
- Troubleshot problems, maintained systems, and provided training to ensure efficient use of technology for hotel operations and guest services.
